SPECIAL OFFER: NEW ACTIVE SAFETY EQUIPMENT RENTAL AND LEASING PROGRAMS!

Humanetics is pleased to announce that due to popular demand, we've expanded our active safety equipment rental program to include [Long-Term](#) and [Lease-To-Own packages](#) to offer you more flexibility in these challenging times. Our *limited-time special*

offer will ensure that you have access to UFO and Driving Robot models so that your testing schedule doesn't encounter any bumps in the road.

HUMANETICS IS HERE FOR YOU

We understand that current events have led to technical and financial limitations within companies, often resulting in bottlenecks when it comes to funding for real-world automotive safety testing. Humanetics is here to help with a special offer that can be tailored to fit both your immediate and future testing needs, so that you can meet your testing goals for 2020 and beyond.

RENTAL AND LEASE OPTIONS

Up to two years*

- ▶ Flexible, customized lease-to-own option

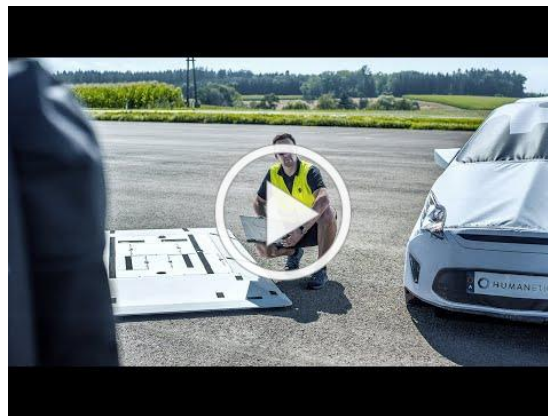

Includes

- ▶ UFOpro
- ▶ Driving Robot
- ▶ Support from experienced Humanetics active test engineers
- ▶ Software package

*Negotiable

In addition to our existing **Short-Term rental program**, Humanetics is pleased to offer you a **Long-Term rental option** as well as an attractive **Lease-To-Own plan**. These exciting new solutions can include everything from test equipment to technical support from Humanetics test engineers, who have been working in the field of active safety testing for years and are extremely knowledgeable. There are many equipment configurations available, allowing you to run whatever tests are necessary – even complex scenarios with multiple robots all synchronized to each other. And if you'd prefer to have us do the work, Humanetics can take care of all aspects of testing from setup to execution to evaluation – all while meeting current hygiene and safety distance regulations.
